

ACME Wireless charger, 10 W

If your phone supports wireless charging, you will definitely fall in love with this ACME CH302 Wireless charger! Wireless charger requires no cables – simply put the phone on the pad and it will start charging. Device is super convenient to use – all Qi-compatible devices may be charged with only one charger. Since it has a LED indicator light, you will easily realize if your device is placed properly on the wireless charger. ACME CH302 Wireless charger features an anti-slip rubber, it is slim and compact thus will easily blend in on your table.
