Safety Instructions

WARNING: Failure to follow these instructions could result in fire, electric shock, injury, or damage to the user, product, or other property.

1. Connect the power supply of the wireless charger into a power outlet that is close by and is easy to disconnect from.
2. Use indoors and in a dry location only; Avoid charging near sources of heat or humidity.
3. Keep the wireless charger and power supply away from any liquids or moisture.
4. Unplug the wireless charger when not in use for long periods of time.
5. Do not store your device in very hot or very cold locations. It is recommended to use your device at room temperature.
6. Do not use if visible defects are observed on the wireless charger or power supply.
7. Do not attempt to service, modify, or disassemble the wireless charger or power supply.
8. Use of a power supply not recommended or sold by Belkin may result in an increased risk of fire, electric shock, injury, or damage to the user, product, or other property.
9. Wireless charging power transmission rate is regulated by the wireless charging device receiving power which can be influenced by factors like, but not limited to, proprietary charging protocols, ambient temperature, current battery percentage level and age of the device being charged.

CAUTION: If you experience problems with the wireless charger, please discontinue use, unplug the power supply from the socket, and contact Belkin for assistance.

The marking information is located on the bottom of the apparatus.

FCC Statement

DECLARATION OF CONFORMITY WITH FCC RULES FOR ELECTROMAGNETIC COMPATIBILITY

We, Belkin International, Inc., of 555 S. Aviation Blvd., Suite 180, El Segundo, CA 90245, USA, Tel: +1(310) 751 5100, declare under our sole responsibility that this product complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and the receiver.

- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Innovation, Science, and Economic Development Canada Statement (ISED):

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Radiation Exposure Statement:

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Innovation, Science and Economic Development Canada Statement:

This digital apparatus complies with CAN ICES-003(B) / NMB-003(B).

Consignes de sécurité

MISE EN GARDE : Le non-respect de ces instructions peut provoquer un incendie, une électrocution ou des blessures, ou endommager l'utilisateur, le produit ou d'autres biens.

1. Connecter l'alimentation du chargeur sans fil à une prise secteur proche de la source et facile à déconnecter de celle-ci.
2. Utiliser ce produit à l'intérieur et dans un endroit sec uniquement. Évitez de charger votre appareil près des sources de chaleur ou d'humidité.
3. Garder le chargeur sans fil et l'alimentation à l'abri de tout liquide ou de l'humidité.
4. Débrancher le chargeur sans fil quand vous ne l'utilisez pas pendant de longues périodes.
5. Ne pas stocker votre appareil dans un endroit très chaud ou très froid. Il est recommandé d'utiliser votre appareil à température ambiante.
6. Si vous remarquez des défauts visibles sur le chargeur sans fil ou l'alimentation, ne pas les utiliser.
7. Ne pas tenter de réparer, modifier ou démonter le chargeur sans fil ou l'alimentation.
8. L'utilisation d'une alimentation non recommandée ou non vendue par Belkin peut augmenter le risque d'incendie, d'électrocution, de blessure ou d'endommagement de l'utilisateur, du produit ou d'autres biens.
9. La vitesse de transmission de la puissance de charge sans fil est régulée par l'appareil de charge sans fil qui reçoit cette puissance. Cette vitesse peut subir des influences de divers facteurs comme, entre autres, les protocoles de charge propriétaires, la température ambiante, le niveau de charge

La información de marcado se encuentra ubicada en la parte inferior del producto.

Declaración de la FCC

DECLARACIÓN DE CONFORMIDAD CON LAS NORMATIVAS DE LA FCC SOBRE COMPATIBILIDAD ELECTROMAGNÉTICA

Nosotros, Belkin International, Inc. El Segundo, CA 90245, USA, teléf.: +1(310) 751 5100, declaramos bajo nuestra sola responsabilidad que el producto, cumple con la Sección 15 de las normativas de la FCC. Su utilización está sujeta a las dos siguientes condiciones: (1) este dispositivo no debe provocar interferencias nocivas y (2) este dispositivo debe aceptar cualquier interferencia recibida, incluidas las interferencias que pueda provocar un funcionamiento no deseado.

Declaración sobre interferencias de la Comisión Federal de Comunicaciones de EE.UU. (FCC, Federal Communications Commission)

Las pruebas realizadas con este equipo determinan que cumple con los límites establecidos para un dispositivo digital de Clase B, de acuerdo a la sección 15 de las normativas de la FCC. Estos límites se han establecido con el fin de proporcionar una protección suficiente contra interferencias nocivas en zonas residenciales.

Este equipo genera, utiliza y puede radiar energía de radiofrecuencia que, si no se instala y se usa de acuerdo con las instrucciones, puede causar interferencias nocivas a las comunicaciones radio. De todos modos, no existen garantías de que las interferencias no ocurrirán en una instalación en particular. Si este equipo provoca interferencias nocivas en la recepción de radio y televisión, las cuales se pueden determinar encendiendo y apagando seguidamente el dispositivo, el mismo usuario puede intentar corregir dichas interferencias tomando una o más de las siguientes medidas:

- Reorientar o colocar en otro lugar la antena de recepción.
- Incrementar la distancia entre el equipo y el receptor.
- Conectar el equipo a una toma o un circuito distinto del que al que está conectado el receptor.
- Solicitar la ayuda del vendedor o de un técnico experto en radio/televisión.

Advertencia de la FCC: Todos los cambios o modificaciones que no hayan sido expresamente aprobados por la parte responsable del cumplimiento, podrían invalidar la autoridad del usuario para manejar el equipo.

Declaración sobre la exposición a las radiaciones:

El producto cumple con el límite de exposición a RF portátil de Canadá establecido para un entorno no controlado y es seguro para el funcionamiento previsto como se describe en este manual. Se puede lograr una mayor reducción de la exposición a RF si el producto se puede mantener lo más lejos posible del cuerpo del usuario o si el dispositivo se ajusta a un nivel más bajo potencia de salida si dicha función está disponible.

EUROPE

CE Declaration of Conformity

We, Belkin International, Inc., declare that the radio equipment is in compliance with the Radio Equipment Directive 2014/53/EU, RoHS Directive 2011/65/EU + 2015/863, and WEEE Directive 2012/19/EU.

The full text of the EU declaration of conformity is available at the following Internet address: www.belkin.com/doc

Caution: Any changes or modifications not expressly approved by the party responsible for compliance

could void the user's authority to operate this equipment.

Radiation Exposure Statement: This equipment complies with radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Frequency band in which the radio equipment operates: 127.7 kHz, 360 kHz, 111-148 kHz

Maximum power transmitted: -1.81 dBµA/m @10m

UKCA Conformity:

We, Belkin International, Inc., declare that the radio equipment is in compliance with Radio Equipment Regulations 2017, RoHS Regulations 2012, and WEEE Regulations 2013.

Waste Electrical and Electronic Equipment Directive

For information on product disposal, please refer to <http://www.belkin.com/uk/wEEE-regulations/>

Pursuant to and in accordance with Article 14 of the Directive 2012/19/EU of the European Parliament on waste in electrical and electronic equipment (WEEE).

The barred symbol of the rubbish bin shown on the equipment indicates that, at the end of its useful life, the product must be collected separately from other waste.

Therefore, any product that have reached the end of their useful life must be given to waste disposal centers specializing in separate collection of waste electrical and electronic equipment or given back to the dealer when purchasing a new WEEE, pursuant to and in accordance with Article 14 as implemented in the country.
