

Instruction Manual

Product Name: 100-Piece Mixed Size Mini Self-Tapping Screws Assortment (Flat Head & Pan Head)

Product Description:

This kit contains 100 pieces of high-quality, miniature self-tapping screws, ideal for precision woodworking and furniture repairs. The assortment includes both Flat Head (Countersunk) and Pan Head (Round) screws in a range of popular sizes, making it a versatile addition to any hardware toolbox.

Key Features:

Versatile Assortment: Includes 100 screws in four different lengths (5mm, 6mm, 8mm, and 10mm) to suit various project needs.

Dual Head Styles: Features both Flat Head screws for a flush finish and Pan Head screws for a slightly raised, rounded hold.

Self-Tapping Design: Sharp threads cut directly into wood, eliminating the need to pre-drill in most softwoods.

Corrosion Resistant: Made from durable iron with a polished finish available in three colors.

Compact Storage: Comes packaged in a small box for easy organization and storage.

Specifications:
