INSTALLATION

- Provide power to the required point of installation. If replacing an existing switch, make a note of the connections before removing the existing switch
- Unscrew the terminal cover
- This accessory can be mounted onto a round dry lining box or pattress. Alternatively, to surface mount, using the base plate as a template, mark the location for, and drill the fixing holes ensuring not to infringe with any gas/water pipes or electrical cables. Fix to a solid surface using suitable fixings
- Ensuring correct polarity is observed, carefully wire as shown in Fig. 1. The earth terminal is non-functional and only provided for convenience. Check all connections are tight with no loose strands outside the terminals
- Refit the cover
- Switch on and check for correct operation

GENERAL

This product should be recycled in the correct manner when it reaches the end of its life. Check local authorities for where facilities exist.

Clean with a soft dry cloth only, do not use aggressive cleaning products or solvents which may damage the product

WARRANTY

This product has a warranty of 1 year from date of purchase. Failure to install this product in accordance with the current edition of the IEE Wiring Regulations (BS7671), improper use, or removal of the batch code will invalidate the warranty. If this product should fail within its warranty period it should be returned to the place of purchase for a free of charge replacement. ML Accessories does not accept responsibility for any installation costs associated with the replacement product. Your statutory rights are not affected. ML Accessories reserve the right to alter product specification without prior notice.
