How to charge the power bank

There are two ways to charge the power bank:

1. Use the included Micro USB cable to charge via the Micro USB port on the side.
2. Use a USB-C cable to charge via the USB-C port on the front of the power bank.

Connect the charging cable to a USB outlet (wall charger, laptop). Depending on the charging speed, it can take 4 to 8 hours to fully charge the power bank.

How to charge your devices

Connect a charging cable to the USB or USB-C port on the power bank. For devices with a Micro USB port, you can use the included cable.

You can charge up to three devices simultaneously, using both USB ports and the USB-C port.

Power button & indicator

Press the power button to turn on the power bank and to check the remaining battery power.

Press the power button twice to turn off the power bank.
