DE Bitte geben Sie vor der Montage einen Tropfen Wasser in den O-Ring der Armatur.

FR Veuillez mettre une goutte d'eau dans le joint torique du raccord avant l'installation.

ES Coloque una gota de agua en la junta tórica del accesorio antes de la instalación.

CN 安装前请将一点水滴入接头 O 形环中。

WARNING: CHECK FOR LEAKS BEFORE TURNING ON THE SYSTEM
 WARNUNG: Überprüfen Sie das System auf Undichtigkeiten, BEVOR Sie es einschalten | AVERTISSEMENT : Vérifiez les fuites AVANT d'allumer le système. | ADVERTENCIA: Verifique si hay fugas ANTES de encender el sistema | 警告: 在打开系统之前检查是否有渗液

SAFETY INFORMATION
 SICHERHEITSMITTEILUNG | INFORMATION DE SÉCURITÉ | INFORMACIÓN DE SEGURIDAD | 安全信息

In order to achieve maximum safety, we suggest that you adopt the following guidelines:

- Place the product on a clean and stable surface that allows adequate air ventilation.
- Don't use or place the product and any of its components near water, moisture, or other wet surfaces; or place the product near any heat, open flame, or other hot surfaces such as radiators, stoves, fireplaces, and candles.
- Use caution when operating the desktop PC to avoid electrical shock or damage, such as unplugging the power supply during thunderstorms, ensuring that your hands are dry before using (and handling) the desktop PC, keeping it away from any source of liquid and/or heat source, and using all other reasonable precautions needed under the circumstances.
- When connecting external devices to your desktop PC, carefully plan how the wires will be placed. Protect any connected cables from being trod on or pinched, particularly at plugs, convenience receptacles, or the point where they exit from.
- Take extra caution when handling/removing/reattaching glass components. Once removed, place the glass component on a stable surface first before proceeding.
- When unplugging any connected devices and/or cables, always pull the cable or device's plug or connector. Don't forcefully tug on its cord.
- Don't place any heavy items on top of the product.
- Make sure that the desktop PC is off, unplugged from the outlet, and that all connected devices are powered off and unplugged (if any) before installing or uninstalling any internal component to and/or from the desktop PC or product.
