FREE CROCHET PATTERN

Deep Reflection Blanket

By Premier® Yarns Design Team

This Blanket is worked flat from end to end. A border is worked around Blanket. Not all sections are worked in the tapestry method. When not working in the tapestry method, work rows using only 1 strand of yarn as instructed. When changing colors in the tapestry method, hold both colors together throughout each row. Crochet over the color not being used. When switching from one color to another, work the last pull through with the new color. When working from the chart, read odd-numbered rows from right to left and even-numbered rows from left to right.
