

Automotive Storage Accessories User Manual

1. Safety Warnings

- Choose accessories matching vehicle model to avoid obstructing driving operations.
- Do not place heavy items in storage accessories to prevent slipping and safety hazards while driving.
- Install firmly; loose accessories may shift during driving.
- Keep away from high temperatures and sharp objects to avoid damage.

2. Product List

1. Car Seat Back Storage Bag
2. Center Console Organizer
3. Trunk Storage Box
4. Door Side Storage Pocket
5. Glove Box Divider

3. Usage Guidelines

1. Unpacking Check

Ensure all accessories and installation parts are intact, no deformation or damage.

2. Compatibility Confirmation

Verify size fits vehicle seats, console or trunk.

3. Installation Steps

3.1 General Process

1. Clean the installation position to remove dust and debris.
2. Align the accessory with the target position, fix it with straps or adhesives.
3. Check firmness to ensure no loosening.

3.2 Product-Specific Tips

- Seat Back Bag: Hang on seat headrest pole, adjust straps and fasten.
- Console Organizer: Place directly into center console, fit tightly.
- Trunk Box: Put in trunk, fix with anti-slip bottom or straps if needed.

4. Precautions

1. Regularly check installation firmness and clean accessories.
2. Do not overload to avoid accessory damage.
3. Store unused accessories in a dry, cool place.

5. Precautions

1. Operate in accordance with product usage standards.
2. Product parameters are subject to the actual product.

6. Function Introduction

1. Daily use
