

VEVOR[®]

TOUGH TOOLS, HALF PRICE

Technical Support and E-Warranty Certificate www.vevor.com/support

YURT USER MANUAL

We continue to be committed to provide you tools with competitive price. "Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually Saving Half in comparison with the top major brands.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTIONS

WARNING:

Read this material before using this product. Failure to do so can result in serious injury.

Assembly precautions

1. Assemble only according to these instructions. Improper assembly can create hazards.
2. Wear ANSI-approved safety goggles and heavy-duty work gloves during assembly.
3. Keep the assembly area clean and well-lit.
4. Keep bystanders out of the area during assembly.
5. Do not assemble if tired or when under the influence of alcohol, drugs or medication.
6. The product capabilities apply to properly and completely assembled products only.
7. Assemble on a flat, level, hard and smooth surface capable of safely supporting the Yurt.
8. For additional information regarding the parts listed in the following pages, please refer to the Assembly Diagram of this manual. Unwrap and separate all parts in a clean work area.

Use precautions

1. DO NOT SIT OR STAND ON THIS ITEM.
2. This product is not a toy. Do not allow children to play with or near this item.
3. Do not exceed specified weight capacities.
4. Use only on a flat, level, hard, and smooth surface that can safely support a fully loaded Yurt.
5. Use as intended only.
6. Inspect before every use; do not use if parts are loose or damaged.

3	organizer bag x1
4	Rain fly x1
5	transparent door x1
6	Transparent window x4
7	Rope x10
8	Pocket x1
9	Peg x46 (Six 30-centimeter pegs are used for fixing the rain fly.)
10	Self-complementing toolkit x1
11	Nozzle spare parts x1

PRODUCT PARAMETER

Model	121011-17-331-08C
Colour	Yellow
Product Size	4800*3600*2200mm

ASSEMBLY STEP

(Tenting Instructions)

STEP- 1

Start by preparing the site. Remove any trash and objects that could potentially damage the tent. Ensure the location is level and devoid of sharp objects. Then, unfold the tent and insert stakes into its corners.

STEP- 2

The tent comes with two external air valves.

Before inflating the tent, make sure to close one of these valves.

※ Check and tighten the deflation valve before use.

STEP- 3

Install the pump head and fix it to the valve.

Keep inflating the tent until the air column can fully stand up, then the inflation is completed. Please do not over-inflate the tent or it will be in danger especially in summer days. The ideal pressure for tent inflation is between 6 and 8 pounds per square inch

STEP- 4

Install transparent door 5 and transparent window 6 according to personal needs.

STEP- 5

On rainy days, covering a yurt with a rain fly can provide better waterproofing

STEP- 5

Tighten the valve cover and secure the tent with guy ropes and and pegs.

Safety Warning:

Please do not over-inflate the tent or the air column of the tent will damage.

Special attention when using in hot summer days.

When the temperature rises, do not fill the column completely.

Please reduce the amount of inflating as appropriate as the air column may burst due to the expansion of air by heat.

*** It is recommended to dry the product before storing it to avoid mildew**

(Folding Tent Instructions)

STEP- 1

Unscrew the valve of the inflatable tent's nozzle to deflate it.

STEP- 2

Remove the tent ground pegs and stow the wind ropes away. Spread the tent out flat. Fold the sides of the tent toward the center, then fold them in half (Approx. 29.53in/75cm).

STEP- 3

Folding the tent to fit in the organizer bag (.Note: Do not roll the tent from the side of the air vent!)

Approx.
29.53in/75cm

STEP- 4

Place in the organizer bag.
